EDUCATION

5-Year Int. M.Sc. in IT 2023 – 2028

K.S. School of Business Mgmt & IT

Gujarat University

Currently in 4th Year (3 Years Comp.)

Higher Secondary (Class 12) 2022 – 2023

Akshargyan Vidhyalay

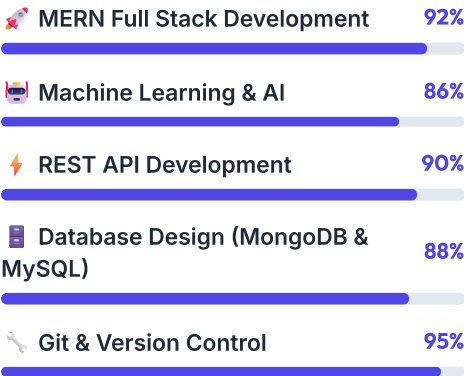

PR: 98.24

Secondary School (Class 10) 2020 – 2021

Akshargyan Vidhyalay

PR: 91.73

CORE COMPETENCIES

SOFT SKILLS

- Problem Solving
- Communication
- Team Collaboration
- Adaptability
- Time Management

PROFESSIONAL SUMMARY

- Full-Stack MERN & AI/ML Developer:** Skilled in building responsive web applications, RESTful APIs, and intelligent machine learning solutions using React.js, Node.js, Express.js, MongoDB, Python, and Scikit-learn.
- Modern Web Development:** Experienced in developing secure, scalable, and user-centric applications with clean architecture, authentication, database integration, and responsive UI design.
- Analytical & Problem-Solving Skills:** Strong foundation in data structures, algorithms, database management, and software engineering principles with a focus on writing efficient, maintainable code.
- Continuous Learning Mindset:** Passionate about exploring emerging technologies, improving technical expertise, and contributing to innovative software and AI-driven solutions.

FEATURED ENGINEERING PROJECTS

Breast Cancer Diagnosis & Prediction (ML)

ML Project

Engineered a high-precision machine learning classification model in Python to analyze clinical tumor attributes and predict malignancy. Built automated diagnostic preprocessing workflows and visual analytics.

Python Scikit-Learn Pandas & NumPy ML Classification

View Code

Om Shanti Car Rental Enterprise Portal

Full Stack Laravel

Developed a comprehensive commercial vehicle booking and leasing web platform using PHP Laravel. Engineered secure customer reservation scheduling, automated pricing logic, and responsive MySQL tables.

PHP Laravel MySQL Responsive UI

Live Platform

Taskora – Project & Task Management System

MERN Stack

Architected a dynamic collaborative task tracking and workflow management application. Integrated secure JWT user authentication, interactive agile task boards, Express REST endpoints, and MongoDB document models.

React.js Node.js Express.js MongoDB

View Code

Campus Placement & Recruitment Portal

MERN Stack

Designed an integrated career portal connecting university students, college placement cells, and recruiters. Built student skill profiling, automated company hiring job applications, and interview schedule tracking.

MongoDB Express.js React.js Tailwind CSS
